

Innovation
that excites

NISSAN SYLPHY

A SEDAN REDEFINED.

Get comfortable with the Nissan Sylphy, now sportier and yet elegantly styled inside and out. The luxurious interiors and generous cabin space offer all the comforts that you can ask for in your daily drive. Be delighted by the smooth and refined ride that is also great on fuel consumption. Nissan Sylphy redefines the way you drive.

Overseas model shown. Features and specifications subject to change.

SOPHISTICATED, MODERN AND REFINED.

Just like any renowned designs, the deep character lines that are so well-architected sculpts the sides while a lower, aerodynamic body that widens at the fenders strikes a broad-shouldered look. Nissan's signature V-motion grille with sleek headlamps with LED accented lights add boldness. Together with the thoughtful finishing touches sets a high standard for Sylphy's transformation.

LED BRILLIANCE

Modern and outstanding LED accent lights catch the eye. They can help make Sylphy visible to other drivers, even in daylight, while giving prominence on the road.

MODERN SIGNATURE

Distinctive rear LED tail lamps are beautifully integrated with the sharply-angled trunk lid to further enhance the sophisticated styling.

SIGNATURE V-MOTION GRILLE

At the heart of the redesigned front face of the Sylphy is Nissan's iconic V-motion on a honeycomb grille. Sleek and stylish, the chrome finish projects a sense of luxury and presence.

Overseas model shown. Features and specifications subject to change.

HOME BLISS SURROUNDS.

Be pampered inside the Sylphy. Starting with the flowing dashboard design inspired by a bird's wing and soft-touch materials throughout, the cabin embraces all your senses. Curated interiors designed with ergonomic considerations make you feel at home instantly.

Overseas model shown. Features and specifications subject to change.

PREMIUM FINISHING.

High quality materials and plush trimmings add a touch of luxury and sophistication. And it's all packed into a cabin built so quiet, you can carry on a conversation no matter how loudly the world outside is carrying on.

Overseas model shown. Features and specifications subject to change.

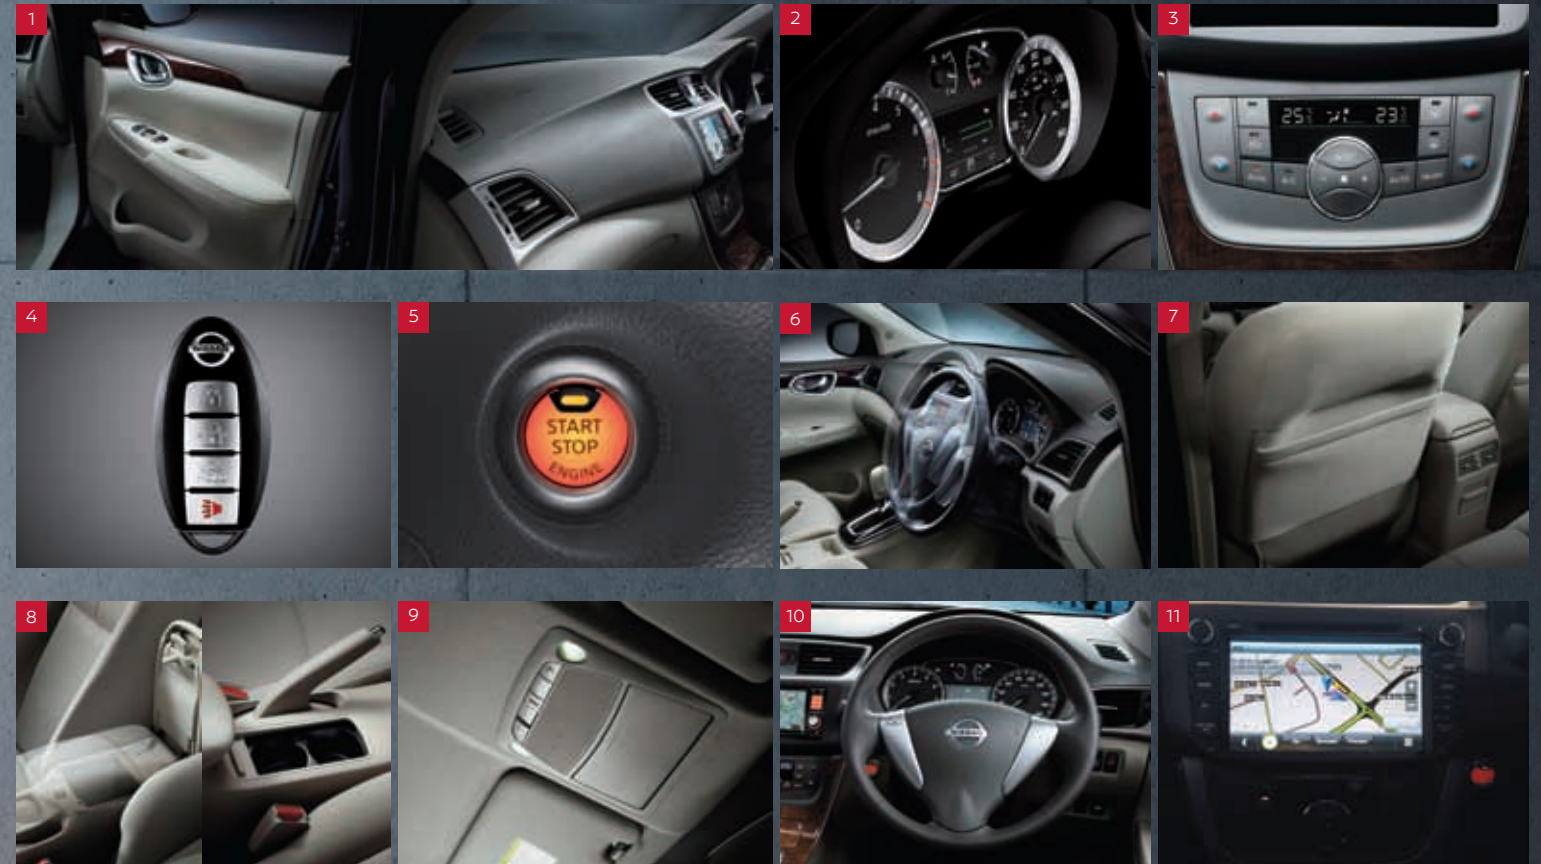

ENJOY THE UTMOST COMFORT WITH AN EXTREMELY SPACIOUS CABIN.

Feel as if you are sitting on your living room sofa with Nissan's innovative three-layer seat. With layer upon layer of body cushioning comfort, these are no ordinary seats. The stress-free structure holds your body firmly and evenly while absorbing vibration. Even after a long drive, you arrive refreshed.

Rear air-conditioning vents give your passengers additional comfort on the road.

1. High-quality soft-touch padding at the door armrest and instrument panels are luxuries to make your ride more comfortable than ever.
2. See clearly with the Fine Vision Luminescent gauges that come with backlit white light even in daytime. Added depth gives a crystal-like quality that is easy to read at a glance.
3. You like it warm, your front passenger likes it cool. No problem. The Dual Zone Automatic Air-conditioning lets each of you dial to your ideal setting.
4. Nissan Intelligent Key lets you lock and unlock the doors and trunk, start the engine and drive away – all without removing it from your pocket or purse.
5. Just a simple touch on the Push Start Ignition button and you are on your way to your next destination.
6. Drive your own way with the Tilt-and-Telescopic steering column that lets you adjust the steering wheel to your most comfortable driving position.
7. Handy front seat back pockets.
8. Front center console with padded adjustable armrest and cupholders.
9. LED front cabin interior lights.
10. Toggle the information on the LCD meter display and the audio system conveniently with steering wheel switches.
11. Integrated system with navigation and rear-view camera allows you to smoothly navigate your way to your next destination (Not applicable for 1.6L Lite).

A GREAT WAY TO DRIVE.

With a fuel efficient 1.6-litre engine, Sylphy is aimed at providing the best of both worlds, efficiency and performance.

The 1.6-litre HR16DE engine comes with Dual Injector System and the application of a twin CVTC system that provides good fuel efficiency, power, torque and low emission.

Maximum power: 116PS/5,600rpm

Maximum torque: 154Nm/4,000rpm

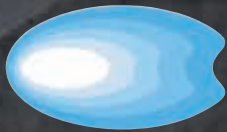

Enjoy a super smooth ride with **Xtronic CVT**, that also contributes to great fuel efficiency.

Sylphy's **suspension system** works effectively to minimize even the slightest vibration from the road surface, resulting in an exceptionally smooth, controlled ride.

SAFETY SHIELD

SAFETY SHIELD

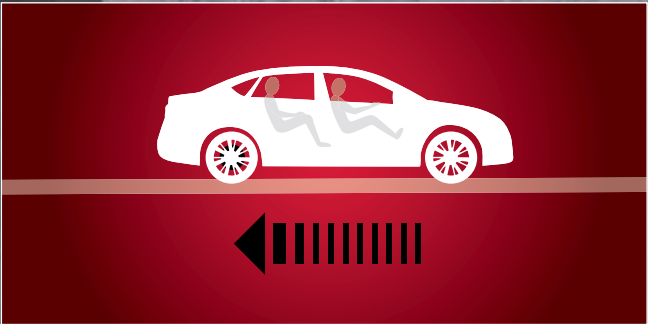

Drive with peace of mind

In the area of safety technology, NISSAN pursues innovation as part of its "Safety Shield" concept, an advanced, proactive approach to safety issues based on the idea that cars should help protect people. This approach provides various measures to help the driver and passengers better avoid dangers in ways that are optimized to each of a wide range of circumstances that the vehicle may be in, from "risk has not yet appeared" to "post-crash".

Retain your control

ABS (Anti-lock Braking System) optimizes braking performance and maintains stable directional control, especially in emergency situations and on slippery surfaces. BA (Brake Assist) applies additional stopping power by activating ABS in hard or panic braking situations.

Smart Braking

While the weight of more passengers and cargo inevitably increase braking distance, Electronic Brake-force Distribution (EBD) serves to reduce the braking distance by sensing the load carried and redistributing the braking force in the front and rear for more effective braking.

Keeps you safe even in dangerous conditions

Vital Protection

Active Head Restraints uses the force of the passenger's body in the event of a rear collision accident to move the head forward instantly to minimize the likelihood of whiplash.

Crushable Zone

Zone Body Construction features highly evolved safety technology, including a clearly defined crushable zone to absorb and disperse impact forces, and a high-strength cabin safety zone dedicated to passenger protection.

SRS Airbags

Front Dual Supplemental Restraint System (SRS) Airbags help reduce the risk of injury resulting from an impact.

LOVE THE NISSAN EXPERIENCE

DUO PROGRAMME

DUO is a community specially created by the Tan Chong Group, dedicated solely for customers of Tan Chong. As a **DUO** member, you enjoy exclusive membership privileges and special promotional deals, everything from automobiles to lifestyle privileges. The **DUO** community hosts regular events and activities that allow the coming together and interaction between Tan Chong and its customers. Complete the Nissan Experience by signing up at www.duo.com.sg

GENUINE NISSAN PARTS

While imitation parts are relatively cheaper, they are also inferior in quality and have shorter service life which may result in greater loss to you in the long run. Only **Genuine Nissan Parts** offer maximum performance and reliability, fulfilling the highest quality standards set by Nissan and come with a warranty for greater peace of mind. Quality that clearly makes a world of difference.

NISSAN PREVENTIVE MAINTENANCE PROGRAMME

The **Nissan Preventive Maintenance Programme** is a comprehensive package competitively priced to offer you true value for money. Under this programme, all Nissan cars are maintained in accordance with Nissan's standard and quality so that they are kept in tip-top condition and serve owners well for years to come.

NISSAN INTELLIGENT MOBILITY

Intelligent Mobility guides everything we do. At Nissan, we use new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it is cars that share the task of driving with you, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.
