## The perfect family car.

Family cars don't need to be boring. A wide cascading chrome grille and 19-inch alloy wheels make for the SUV's new unique and bold design. Composite lights also give the car a high-tech allure, ready for family adventures.

# Packed with features. Ready for stories.

With the comforts inside the car, you will never again miss an important family moment. The Head-Up Display provides information directly and conveniently on the front windshield glass, the Wireless Smartphone Charging System lets you charge your phone with ease, and with the Integrated Memory System you no longer have to adjust your seat every time you get into the car.

Apple CarPlay™ is a registered trademark of Apple Inc.

# A family car. With just as much energy.

To endure road trip after road trip, the Santa Fe in diesel or gasoline engines with 6 or 8-speed transmissions offering maximum fuel efficiency and durability. The car also features R-MDPS providing better handling and stability at high-speeds, for more exciting quality time.

A	B
C	D

**A. Blind-Spot Collision-Avoidance Warning (BCW)**

Radar sensors in the rear bumper are used to warn the driver of approaching vehicles in the blind spot and activate the warning when there is a collision risk in lane changing maneuvers.

**B. Rear Cross-Traffic Collision-Avoidance Warning (RCCW)**

Radar sensors in the rear bumper monitor cross traffic approaching from left and right side of the vehicle during reverse maneuvers, and it will activate the warning to prevent from collision.

**C. Rear Seat Occupant Alert**

The Rear Occupant Alert detects movement in the rear seats and reminds the driver there are rear occupants with an alert on the cluster. If the system detects movement after the driver has left the car and locked it, it sets off a sound alarm.

**D. Safe Exit Assist**

Keep your family safe with the Safe Exit Assist. The Santa Fe senses vehicles approaching from the rear and keeps the child lock active preventing passengers from getting out. When the vehicles have passed, a simple push of a button unlocks the door for a safe exit.

**Advanced High Strength Steel (AHSS)**

With the extensive use of additional hot stamping materials and Advanced High Strength Steel (AHSS) plates, the average tensile strength and skeletal rigidity of the car body has been improved by 15% and 17% respectively, providing a highly stable and quiet drive at once.

**6-airbag System**

A 6-airbag system with front & side airbags and curtain airbags offers broad collision protection. Advanced frontal airbags determine when and how to deploy pressure in an accident by sensing occupant's position, seat belt use and the severity of the crash.
