transactions in supermarkets and petrol stations. You need to buy the card to use the ERP and credit it with any amount from **S\$20 to S\$500**.

CashCards

ERP CashCards are available at all banks, post offices and petrol stations. The deposit of S\$2 is refundable when you return the card. Top up your card at any automatic teller machine (ATM). CashCards with a **sun logo** are able to withstand high temperatures for four to five hours, when your vehicle is parked under the hot sun. Those without the sun logo are likely to melt in such temperatures.

Getting caught

Those caught entering the gantry without an In-Vehicle Unit, a Cashcard or sufficient balance on the CashCard will be photographed by the gantry camera and subsequently fined.

The road much traveled

The cost of ERP depends on the time of entry and the roads travelled. The fees range from:
